

Download Engineering Your Future Australasian Guide

Engineers Australian UK held their annual summer event at The Oval Cricket Ground to watch Day 1 of Surrey vs Hampshire County Cricket match. After a wet start and on the same day as Day 5 of England vs Australia at The Lords, EAUK came together for our annual summer event. Have your say on Australia's next space infrastructure. The Australian Space Agency is currently holding consultations for two projects that will inform the design of its Mission Control Centre in Adelaide and Robotics, Automation and AI Command and Control Centre in Perth.
